

How do I earn scrip profit and reduce my registration fees?

- **Scrip = Gift Cards:** Scrip cards work just like gift cards. Use the cards for everyday groceries, gas, etc. The cards are also great birthday and special occasion gifts. We have American Express to use at Costco and Sam's Club/Wal-mart for your big shopping trips.
- **Place a Standing Order:** See the back of this form – just tell us which cards, how much and how often you need them. We will send you a notice when they are received – you send a check and tell us if you will pick them up or if we should send them home with your child.
- **Purchase from the Front Office:** Scrip is available in the office everyday after 8:15 a.m. We will sell you anything we have on hand.
- **Use PrestoPay at shopwithscripcom:** Place your orders online at shopwithscrip.com. Most families are already enrolled in shopwithscrip and PrestoPay is optional. If you need a few tips on how to use the program, we are happy to show you. Consider creating a password to share with relatives and friends seeking gift cards. OLV will process your order once it receives your order confirmation and full payment.
- **eScrip:** Register your credit and debit cards at www.eScrip.com using OLV's group number 6548095 – (this is a secure website). Ask family members to register their cards as well. Every time a registered card is used with a participating eScrip merchant, you receive credit – just like you had purchased the scrip at school. If you shop online, go to eScrip and click on vendors, such as Target, Wal-Mart and Nordstrom.
- **Order Forms:** Order forms are sent home in the weekly family envelope and are also available at www.fresnoolv.org.
